COMPANY DETAILS

Registered by Govt. Of Telangana Address: 12-2-822/A/5/A, Sri CP Colony, opposite to Pillar No.23, Mehdipatnam.Hyderabad,500028 Telangana,India Tel: 91-040-66661315, Mobile: 91-8497986000 91-8497987000 acs.engnrs@gmail.com Activities HVAC, Electrical, Plumbing works- Design and Installations Managing Director -Mujahid Iftakhar

The Company

ACS is a company specialized in the designing of HVAC. Using the latest technology, standards and instrumentation, our specialized group of engineers and technicians perform all necessary tests and adjustments to certify, modify or design in order to obtain required systems performance found for industry, hospital and commercial applications. Due to the engineering support, ACS is capable to deal with unexpected situations where the systems components or design have to be altered with prompt action and effectively. All works are supervised and certified by licensed engineers specialized in this field and using standards and procedures of the most recognized agencies and related organizations for the testing and balancing specialization.

This experienced and specialized knowledge makes ACS, not only the best choice when you need to evaluate, test, adjust or modify your engineered MEP or HVAC, it is also the way that you obtain an “engineered service for your engineered system” .

Message

We have substantial in-house facilities and capabilities for HVAC and Electrical systems. Moreover we have a well-developed department for control systems also deals with GREEN concept as per the IGBC guidelines. We are equipped with modern offices, extensive staff, labour accommodation, facilities.

Our Company has a highly professional management team with a progressive outlook, that emphasis on detailed planning and careful monitoring of each project, large or small. In the past, ACS has given its MEP services in several projects and completed them successfully up to the satisfaction of the main contractors, Consultants and the Clients. Through our experience in serving the market, we have obtained the knowledge to address the needs of the time. We have a thorough understanding of all the disciplines we deal with and we strive to satisfy this need in the most effective way. ACS endeavours to bring to its clients the best that this industry has to offer.

We understand that the building industry is a fast growing and changing environment and therefore we will continue to investigate solutions for this industry.

Our experience in this arena has given us the edge to provide client with good quality service and support.

We are committed to bring the best techno-commercial solutions for our industry for best of all in INDIA.”

Mujahid Iftakhar Managing Director

"ACS Enterprises provides its professional engineering services in building and infrastructure industry. It is registered in Telangana and has an extensive professional and technical expertise HVAC and Electrical project's design and execution, involving detailed planning, programming, monitoring and reporting on each project "

'.

► OUR VISION....

"Building a partnership with our customers is paramount in creating long term relationships; this has always been the vision and the goal of ACS Enterprises. Our philosophy has proven that working together with clients as partners, truly does create more than just a business opportunity; it creates a long term relationship" ACS has developed strong technological expertise for conceiving and developing major international products related to our industry. The Company has established close ties with major international suppliers in the field of Air-Conditioning and Electrical services.

► OUR MISSION....

"To be the premier MEP Contractor, a provider of the highest quality Engineering Services, and to implement solutions for achieving full customer satisfaction delivered through the safe technical competence and professional integrity of all our employees" Words such as integrity, loyalty, and customer delight— while routinely thrown about without meaning in business today, have always been taken very seriously by the firm. The mission of ACS is to build on our reputation for integrity, excellence, experience and leadership as the nation's finest construction organization by:

- continuously improving the quality of our work and services.
- Constantly striving to achieve the client's expectations.
- Maintaining our dedication & momentum to the highest moral principles.
- Providing our people with a challenging, secure and safe environment in which to achieve personal career goals.

QUALITY POLICY

ACS adopts the underwritten principles of the Total Quality, Safety and Environment Policy. Explicitly stated, ACS, while ensuring the safety of operations, health of the staff and the respect of the environment, shall strive continually to improve the Quality Performances by committing:

1. To achieve enhanced Customer Satisfaction and confidence, by meeting the explicit and implicit needs of the customer.
2. To meet the needs of all the interested parties of the company – stakeholders, regulatory bodies, customers, suppliers, neighbouring organizations, society at large etc., financially, morally and responsibly, thus contributing positively to the image of the group.
3. To monitor and control the costs at all times, whilst continually improving the quality of products, processes and services.
4. To achieve People Satisfaction by promoting training, development, creativity and innovation, empowerment as well as motivation of the people.
5. To ensure the asset integrity and management, abiding by the policy of durable development.
6. To achieve Excellence Orientation in its business by measuring the progress made through appropriate indicators, regular checks, client satisfaction surveys, internal and external audits,

benchmarking with appropriate businesses / entities, encouraging and sharing its best practices to its subsidiaries, suppliers and contractors. Etc

At a Glance:

With a large workforce, ACS ranks among the best HVAC design and contracting group. ACS is one of the most integrated company providing engineering, and technologies to HVAC and Electrical works in to residential buildings (villas & multi-stories buildings), commercial buildings, hospitals, pharmaceutical companies, shopping malls, etc. With our vast experience in the design, construction and maintenance of various types of projects, a wide range of state-of-the-art technologies and operational base spreads all over the INDIA. We will satisfy all of your HVAC and Electrical needs from service contracts to new construction, including engineering and/or design problems. Our commitment to quality control and prompt service is the foundation of our success.

- Strong technological expertise Thanks to its highly-skilled engineers and technicians, ACS has developed strong technological expertise for conceiving and developing major international products related to the projects. The Company has established close ties with major international suppliers in the field of Air-Conditioning and Electrical services.
- Quality, Health, Safety and the Environment Quality, the health of the personnel working on our job sites and our facilities, as well as environmental protection is ACS top priorities. These concerns are taken into account at the earliest stage when the facility is being designed and appropriate measures are strictly applied at each stage of project execution.
- ▶ Our Divisions and Activities.... With heavy investment in our people over the last two years, the Mechanical and Electrical Divisions have experienced extensive growth. In this relatively short period of time we have established ourselves as a specialized ME Contractor.

3. Admin / HR
4. Accounts Officer

Technical Staff:

S.No. Description Discipline Nos.

1. Draftsman Auto-Cad – 5
2. HVAC Design Engineer -2
3. Estimation Engineer-1

Summary of our Projects:

Project: B B Cancer Hospital (HVAC)

Project Description: DX System of 20TR

Client: B B Cancer Hospital, Malakpet, Hyderabad Consultant: Shah Associates.

Scope Of work: Design of Air Conditioning, Ventilation and Exhaust

Project: MCH Hospital (HVAC)

Project Description: Chilled Water System of 600TR

Consultant: VS Consultants, Hyderabad

Scope Of work: Design Of Air Conditioning, Ventilation and Exhaust

Project: BOB, Hyderabad(HVAC)

Project Description: Chilled Water System of 1360TR

Consultant: Team One Pvt Ltd ,Hyderabad

Scope Of work: Design Of Air Conditioning, Ventilation and Exhaust

Project: Incois ,Kukatpalli (HVAC)

Project Description: Chill Water System of 600TR

Consultant: Team One Pvt Ltd,Hyderabad

Scope Of work: Design Of Air Conditioning, Ventilation and Exhaust

Projects: IT Bangalore (HVAC) Project

Description: VRF System of 32TR

Contractor: Shah Associates

Scope Of work: Design Of Air Conditioning, Ventilation and Exhaust

Projects: Kholanis Restaurant, Abids, Hyderabad (HVAC)

Project Description: DX System of 22TR

Contractor: Zoh-Air Engineering

Scope Of work: Design of Air Conditioning, Ventilation and Exhaust

Projects: Residential, Guwahati, Assam (HVAC)

Project Description: VRF System of 20TR

Architect: Waggle Architect, Hyderabad

Scope Of work: Design of Air Conditioning, Ventilation and Exhaust

Projects: IT office, Kondapur, Hyderabad (HVAC)

Project Description: Chill water System of 20TR

Architect: Izone Interiors, Hyderabad

Scope Of work: Design of Air Conditioning, Ventilation and Exhaust

Projects: Agri Seeds Office, Hyderabad (HVAC)

Project Description: Chill water System of 20TR

Architect: NR Consultants, Hyderabad

Scope Of work: Design and Execution Air Conditioning, Ventilation and Exhaust

Projects: Andhra Bank, Guntur, Hyderabad (HVAC)

Project Description: VRF System of 71TR

Architect: VS Consultants, Hyderabad

Scope Of work: Design and Execution Air Conditioning, Ventilation and Exhaust

Projects: Design and Estimation Of Hospital cum medical college at Madhya pradesh

Project Description: Chill Water System of 1100 TR

Architect: Team One Pvt Ltd, Hyderabad

Scope Of work: Complete Design and Estimation of Air Conditioning, Ventilation and Exhaust

Projects: Design and Estimation of 550 Bedded Hospital cum medical college at Vidisha, Madhya Pradesh

Project Description: Chill Water System of 1230 TR

Architect: Team One Pvt Ltd, Hyderabad

Scope Of work: Complete Design and Estimation of Air Conditioning, Ventilation and Exhaust System
